

LOST DOG ACTION PLAN

HOURS POST-FLIGHT	ACTION	IN CASE OF SIGHTINGS
IMMEDIATELY	<ul style="list-style-type: none"> • Put food and scent article* at place where dog bolted, if feasible, or was last seen. Keep these items out until dog is found. • Drive immediate area and look for dog. • Talk to neighbors and others on the street and ask if they have seen your dog. <p>* The scent article should be an item the dog associates with a familiar and desired person or animal.</p> <ul style="list-style-type: none"> • For a dog bonded with you, it could be an article of your clothing. • If the dog is new and/or frightened of you, use an item with its own scent, i.e., a dog bed or toy. • The dog's own scent may also be used for a dog bonded to its owner. 	<ul style="list-style-type: none"> • Go to the area with high-value treats (cheese, bacon, rotisserie chicken, etc.) and a slip lead. • Remain very calm. • When you see your dog, DO NOT CHASE. • Lower your body to the ground and use familiar, positive words like “treat” or “go for walk,” etc. • Understand that he may not come to you right away. • The longer a dog is missing the more likely he has gone into survival mode, which means he is focused on food, water, shelter and security. He may perceive all humans as a threat — even you. • If the dog flees, set up a feeding station using good-smelling food such as canned cat food, tripe, or fried chicken (deboned), and place a scent article nearby. • Restock every day with fresh food. The goal is to keep your dog from leaving the area by providing for all his needs. • If possible, monitor the feeding station with a trail camera, or ask a neighbor to observe whether the dog is returning to the feeding station on a regular basis. • Be sure to tell the neighbor not to approach the dog and scare it away. • Once it has been confirmed that the dog is remaining near the feeding station, contact the Retrievers at 612-547-9004 to arrange for capturing your dog with a humane trap.
